INSTRUCTIONS

1. The Form is to be used by the data subject who wishes to have his/her personal data furnished in a structured, commonly used and machine-readable format.
2. It may likewise be used if the data subject wishes to have said personal data assigned directly from data controller to data controller whenever technically feasible.
3. A photocopy of the National Identity Document or equivalent document which accredits the identity and is considered legally valid shall be required in those cases in which the data controller has doubts as regards to his/her identity. In the event of acting by means of a legal representation, the National Identity Document or and document accrediting the representation of the representative must likewise be furnished.
4. The Spanish Data Protection Agency does not hold his/her personal data and may only facilitate the contact details of the Data Protection Officers of the entities required to appoint a data protection officer which have notified the appointment thereof to the Agency. It may likewise furnish these contact details in relation to those entities that have voluntarily appointed a Data Protection Officer and have notified this circumstance.
5. The owner of the personal data undergoing processing must contact directly the public or private body, company or professional of which he/she presumes or is certain that he/she holds his/her data.
6. So that the Spanish Data Protection Agency may process one's complaint in the event that one's request to exercise the right to data portability has not been dealt with within one month, any of the following documents must be provided:
 - The refusal of the data controller to grant the requested data portability.
 - Copy stamped by the data controller of the portability request form.
 - Copy of the portability request form stamped by the post office or copy of the receipt of the forwarding of said request by registered mail.
 - Any other means of proof furnished by the data controller from which the receipt of the request can be inferred.
